Technology, Caribbean Studies

## SKILLS

**Programming Languages:** C, Java, Python, SQL, MATLAB

**Web:** HTML, CSS, JavaScript

**Applications:** Microsoft Office, Google Workspace, Figma, Canva, GitHub, Salesforce, Replit, Slack

## EXPERIENCE

**Remote Intern**, Linguistics Justice League

June 2023 - Sept 2023

- Volunteered 60+ hours contributing to the Speaker Series and developing their learning platform.
- Featured on their LJL September Newsletter for fostering communication with Moroccan students from Connect
- Institute to explore language barriers. I communicated with 5 Moroccan students within 2 weeks via online
- telecommunication based on their availability. I wrote summaries for each online interaction, which were published on the LJL's website
- Responsible for building the curriculum for the Edu Classroom platform, using Node JavaScript and Git. I was in a group of interns who were assigned to curate a given learning module with an accompanying quiz for non-English
- speakers. I uploaded a total of 8 learning modules, ranging from Basic Introductions to Yard Work, which described the activities. These learning modules were translated into Spanish and uploaded to the website's firebase.

## EXTRA-CURRICULAR LEADERSHIP

**Vice President**, El Dorado West Student Council

Feb 2018

- Bridged the communication between students and school administration during weekly general student council meetings.
- Positively reinforced the core values of school during planned school assembly approximately 3 times per academic semester.
- Planned and organized food drives and fundraisers, based on the needs of students. Fundraisers occurred approximately 3 times per academic semester based on awareness initiatives.

**Senior Red Cross Member**, Trinidad and Tobago Red Cross Society

May 2017

- Learned basic first aid for 2 years during weekly meetings and went on to mentor students with my practical and theoretical knowledge.
- Organized 4 student marching practices for National Parades. I ensured students had the necessary refreshments during each practice and took breaks every 10 minutes.
- I received a Service to Country Certificate for participating in 4 National Marching Events which were Memorial Day Parade and Independence Day Parade for 2 consecutive years. I would attend marching events with other Red Cross Members from different schools across the country.

**Childline Ambassador**, Childline Trinidad and Tobago

Feb 2017

- I was acting as a peer counselor for students at El Dorado West Secondary School. On average, I spoke with 7 students each month while respecting their individual circumstances in a confidential manner.
- Participated in fundraising and treasurer activities, to raise funds for awareness initiatives. I was apart on the executive council and contributed to planning and gathering resources for each fundraiser. I maintained continuous communication with my Club Advisor.
- I contributed to planning lessons and religious aspects of each school assembly and positively reinforced the importance of mental health awareness and self-advocacy.
- Completed the Intro to Psychosocial First Aid Course and applied these skills to students and peers in my community during the global pandemic. I promoted self-care practices and utilized active listening during each interaction.
